

# Year 7

## RE Homework

# November 2018—February 2019

## The Island

In your RE lessons, you will be experiencing The Island. Each lesson, you will be told part of the story of The Island and the opportunity to share your thoughts on key questions asked by your teacher.

Your homework task each week is to keep a diary entry explaining your experiences on The Island. It is important that these diary entries are as detailed as possible, as they will be the work that makes up part of your assessment grade for this half term.

Your teacher will set your homework in lessons, including criteria. You will need to record this homework in the calendar your planner. You should write your homework on paper. You can make it look as creative as you like!

### Helpful Hints:

- Include information about the main parts of the story.
- Explain what you experienced through all five senses—what did you see, hear, smell, taste and touch?
- How did you feel at different parts of the adventure?
- What questions came to mind?
- What did you think would happen next?
